Steinbeck Peninsula Equine Clinic
Menlo Park, CA

Eligible for 6.5 IAPF CE Credits, RACE Credit Approval Pending

MEET YOUR CLINICIANS

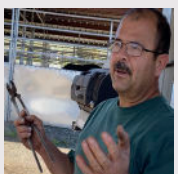

DR. BART HALSBERGHE. Bart is a double board-certified equine specialist with a focus on Equine Integrated Sports Medicine and Rehabilitation, with podiatry as cornerstones. He has over 15 years experience covering all major equine disciplines and is founder of Global Equine Veterinary Consulting Ltd. providing world-wide veterinary related services.

DIDIER "DJ" RONDELEZ. Didier has been a farrier for 25+ years, including 23 years as the resident farrier at University of Ghent, Belgium. Now in private practice (Equipassione), he specializes in shoeing sport horses and consulting on ortho- and therapeutic treatment of horses in different disciplines. He is a founder of the Belgian Farriers Educational Association and certifies farriers in the use of Twin™ Shoes.

RIGO SANCHEZ. Rigo has been a farrier for 30+ years. Mentored by the late Farrier Chuck Kolb, Rigo has acquired excellent farrier skills to deal with clinical cases in a broad range of disciplines. Rigo was among

the first farriers in the US to shoe horses with Twin™ Shoes and has been an instrumental part in developing the Twin Shoe application technique.

MEET YOUR HOST: Steinbeck Peninsula Equine Clinics

Our highest priority is to deliver the best equine health care possible. Our state-of-the-art hospitals, outpatient clinics and mobile services offer preventive, diagnostic, therapeutic and treatment protocols including medicine and surgery, as well as complementary and alternative modalities. We continue to expand our range of services, keeping pace with technology by acquiring leading-edge equipment and expertise.
